News

Travel to Russia and the Baltic States is booming and Belarus has fired our clients' imaginations. I recently visited Belarus for the first time. It offers unspoilt nature with primeval forests, dramatic castles, trendy restaurants and Stalinist architecture. Australian travellers are still a rarity and the friendly locals were keen to talk to us. Belarus can easily be combined with the Baltic States and Poland, with regular rail services between Vilnius and Minsk and Brest and Warsaw. To reflect this, we have introduced a great new tailor-made combination - The Baltics, Belarus and Poland.

Satisfied clients

"I just wish to express our thanks for the wonderful organisation and arrangements that you provided for our stay in Russia. It all worked perfectly. The hotels were excellent, the trains were terrific and I achieved a life ambition - to complete the Trans-Siberian Railway. I met wonderful, friendly Russians on the train and this has continued."

"I wanted to have a chat with you about our amazing adventure in The Baltic States and Russia. It was just the most pleasant and stimulating four week cultural and historical lecture tour and experience. The best possible type of indulgence with some amazing eating experiences thrown in!!"

“We all had a great time and we particularly enjoyed Moscow. Everything was perfectly organised with our pickups, tickets, transfers, trains, flights and tours all going to plan. Our guides were very informative and went to a lot of effort to make sure we got the most out of our tours. We particularly liked our Moscow tour guide. Thanks again for all of your help organising our holiday.”

Tim, August 2016
